Hi-vis fleece jacket with ARC protection

Protect yourself from the cold and increase your visibility with the hi-vis fleece jacket Arlier. It protects you against the risks of electric arc flashover. The jacket has a standing collar and the zipper has been hidden under a flap that is closed with touch and close fastening. The jacket has two pockets on the inside and two on the outside. For your comfort, there is an elastic cord in the hem and the sleeve ends are also elastics. Thanks to the anti-pilling treatment, pilling doesn't stand a chance.

Hi-vis fleece jacket with ARC protection

Arlie - 9896N2TF5
